

Remarks

Reconsideration of the application is urged in view of the amendments above and comments which follow.

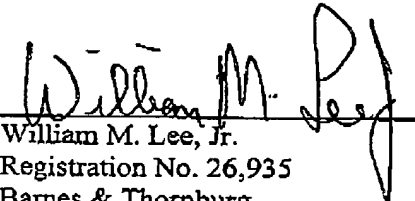

In the Advisory Action of April 14, 2005, the Examiner refused entry of the Response mailed March 24, 2005 (and apparently received March 28, 2005). That Response, therefore, is not of record.

In the Office Action of February 2, 2005, the Examiner has indicated the allowability of the subject matter of claim 17, so long as the issue under 35 U.S.C. §112 has been solved. With the amendment above, the word "eccentrically" has been removed from claim 11, thus, removing the rejection under 35 U.S.C. §112. Also, claim 11 has been amended to incorporate the subject matter of claim 17, and claim 17 has been cancelled. Therefore, claim 11 is now in condition for allowance, and remaining claims 12-14, 16 and 18-20 depend from claim 11, and are therefore allowable, as well.

No new issues have been raised by this amendment and since the claims are now in condition for allowance, further and favorable reconsideration of the application is now urged.
